Employment History

Mentor at Canada Learning Code, Ottawa

2023 – PRESENT

- Help mentees develop essential coding concepts and skills
- Guide mentees through coding fundamentals
- Encourage learners to explore technical documentation and problem-solve
- Follow along with the workshop content and assist learners during the workshop

Professional Break

2022 – 2023

- I chose to take a break from my career because there was a family bereavement. I was glad that I had space to reevaluate what I wanted. I was more motivated and looking to bring my skills to a new challenge.

Software Developer at Dash Hudson

2022

- Worked closely with our product and design teams to customize the user experience on the front-end
- Wrote clean and well-organized code in accordance with industry best practices using Vue.js, JavaScript, Sass
- Participated in peer reviewing of code and shared expertise with other team members
- Analyzed and optimized application code for efficiency and performance

Freelancer

2021

- Developed web applications using JavaScript, React, TypeScript, HTML5
- Implemented the design with CSS3, CSS Less, styled-components, and third-party CSS frameworks
- Addressed defects and bugs
- Presented features in the weekly demos to stakeholders
